ARES District 4 Net Script

<u>__January 04, 2017__</u> (net date)
Rev. c

Good Evening everyone and welcome to the South Texas District 4 ARES net. This is

<u>___TOM_____</u>(name) <u>__K5BV___</u>(call) <u>___ARES EC for Aransas and San Patricio Counties___</u>
(position e.g. member, AEC, etc. & County)

I will be the Net Control Station for tonight's net. First, if there are any stations with priority or emergency traffic please call <u>___K5BV__</u>*(call)* at this time. UN-KEY

Either s*ay "**nothing heard**" or handle the traffic immediately.*

All hams in all Counties are welcome to check in to this net. You do not need to be an ARES member to participate in this net.

The purpose of ARES, the Amateur Radio Emergency Service, is to furnish emergency communications via amateur radio when regular means of communications fail or become inadequate during an emergency situation. ARES is sponsored by the ARRL, and supported by area radio clubs and individual hams. The only qualifications for ARES are that you possess an amateur radio license and you have a desire to help others. For more information or off-net questions please contact one of the following by email

  Mark Dist. 4 EC - ad5ca@arrl.net
  Tom EC for Aransas & San Patricio County - - - - - k5bv@arrl.net
  Bob Asst EC for Aransas County - - - - - - - - - - - - kf5cfu@arrl.net

The net is currently scheduled monthly for the First Wednesday at 8 PM. This is subject to change. We are currently using the 147.060 repeater in Corpus Christi with a (+) PLUS offset and a 107.2 tone.

This net is being conducted for the purpose of providing training and information related to emergency communications; to serve as a forum for discussion; and to foster fellowship among Amateur Radio operators.

<u>___K5BV__</u>*(give your call & UNKEY briefly)*

Next, are there any operators who would like to make announcement or provide information related to EmComm? This is not general check-in. Please State your call now.

Tonight after Check-In we will have a planning discussion of material for this calendar year.

If the frequency has been clear a second or two key the MIC and s-l-o-w-l-y give your FCC call sign using ITU phonetics spoken clearly and slowly and UNKEY. Writing calls down takes a moment so allow a couple of seconds. Keep checking in and calls will be reviewed for clarifications, errors and missed calls. Please check-in with _K5BV_ (Call) now.

(note these actions)
- *read each call back,*
- *ask for corrections*
- *ask for additional check-ins*

Tonight we will ask each of our net participants to suggest subjects for future monthly ARES nets.

Also volunteers are encouraged to be present material or to be net control stations.

Presented material is to be related to EmComm. Material from personal experience is encouraged. Examples would be lessons learned from an event or personal experiences from an emergency or preparing for an emergency.

Also, if anyone has done some research or completed a project relating to EmComm taking a turn to share this for 10 to 20 minutes is encouraged. Let us know tonight and it will be scheduled.

Each month's Net format is setup so that the net control station may be a different operator and than the operator presenting material.

Use check-in and ask for recommendations and any volunteers.

- *go down list of check-ins*

Final call for check-ins. Additional stations for the net please check-in now with
_____ *(your call)*.

(again note these actions)
- *read each call back,*
- *ask for corrections*
- *ask for comments*

THIS IS NET. We had XX check-ins tonight. Thank you all for joining the ARES net tonight, and thanks to the repeater owners and mountaineers for the use of these fine repeaters. I am now closing the net and returning these repeaters back to normal amateur radio use. Stations may remain on frequency to make additional QSOs.

Net Control _____ *(your call)* Out.
